

ABBA HELPS

REBUILD HOME · RESTORE HOPE · TRANSFORM LIVES

Vision Casting — Child Placing & Adoption Agency

Restoring hope to child survivors of human trafficking and sexual exploitation.

ABOUT US

ABBA Helps exists to help children coming out of abuse and exploitation find hope in a loving family. We contract with the State of Missouri DSS to operate as a Child Placing Agency, welcoming children into safe, God-centered homes where they receive education, health care, physical and emotional support, and opportunities for spiritual growth.

VISION, MISSION & GOALS

Vision: To found and expand a Child Placing Agency that restores hope to child survivors of trafficking and exploitation.

Mission: Rebuild Home · Restore Hope · Transform Life — to see the healing and restoration of every child who comes through our homes.

Goals:

- Become operational as a Child Placing Agency in contract with the State of Missouri.
- Finish current construction of our first home and begin expanding to a second.
- Establish a donor base and become fully funded.
- Create sustainable programming and loving households for children in our program.

WHY WE DO WHAT WE DO

- 1 in 6 trafficked children reported are under age 12 — the youngest less than one year old.
- The average age of entry into commercial sexual exploitation is roughly 12 to 14.
- About 1,000 American children are arrested for prostitution each year.
- An estimated 100,000 American children are involved in human trafficking.
- There are only about 300 beds nationwide to accommodate these children.
- Child trafficking is widely unacknowledged and underserved.

DON'S HOME & THE CHILDREN'S RANCH

Don's Home is the first home ABBA Helps will open to welcome trafficked children, named for Don Finnegan, the late husband of our founder, Linabelle Finnegan, honoring the vision they began in 2010. Each home on the ranch can accommodate 6 children. It costs approximately \$250,000 to build and fully fund a house for one year, including an outdoor basketball court, playground, a full suite for house parents, and a one-year maintenance fee.

HOW YOU CAN SUPPORT US

Make a contribution — monetary gifts help us expand and maintain the staff needed to support children in our program. Give securely at abbahelps.us/donate.

Host an event — extend our reach far beyond our contacts. Contact us to set up a speaking engagement.

Offer a service — carpentry, plumbing, landscaping and more help mitigate our expenses. Talk to a staff member to offer your skills.
